How he got started

He started this idea when he saw a woman go over to a vending machine, get a Coca-Cola and then go get on an elliptical. She only had choices of soda so Sean decided to change that.

Type of business

It is a vending machine business so it is an intermediary.

Interesting Facts

He launched H.U.M.A.N. 4 years ago which is his vending machine company. He made \$3million last year.

Description of the Business

It is a bunch of vending machines in different gyms that have healthy choices instead of soda and candy.

What are they doing now?

Sean Kelly is now trying to improve his vending machines and he is putting more vending machines in different gyms.
